DEPARTMENT OF THE ARMY
US ARMY INFORMATION SYSTEMS SOFTWARE CENTER
EXECUTIVE SOFTWARE SYSTEMS DIRECTORATE
FORT BELVOIR, VIRGINIA 22060-5576

AMSEL-SE-IS-C DATE: 28 February 2000

SUBJECT: Software Version Description (SVD) for Installation Support Module (ISM) Installation Level Integrated Data Base (ILIDB) Interim Change Package (ICP) V41-A08-07-07-A

- 1. Enclosed is ICP V41-A08-07-07-A that provides a formal change to the Installation Level Integrated DataBase (ILIDB) ISM.
- 2. Acknowledgement of installation of this ICP must be made IAW instructions provided in Enclosure 1.
- 3. This memorandum certifies that the ISM subject software has been thoroughly tested, is considered to be a quality product, and is hereby authorized for release to a production environment.
- 4. Security Implications: NONE.

Encl Chester A. Pettis, Jr. LTC, AD

Director Executive Software Systems

1. Scope.

- 1.1 Identification. This Software Version Description (SVD) applies to the Installation Level Integrated Data Base (ILIDB) running on Army Standard Information Management System (ASIMS) and networked AIX version 4.2 operating system on UNIX platforms.
- 1.2 System Overview. ISM applications use the Installation Level Integrated Data Base (ILIDB), which is the central repository for data that is common to more than one ISM application, and various local databases that contain data elements unique to the individual ISM applications.
- 1.3 Document Overview. This document provides the instructions necessary for the implementation of the formal Interim Change Package (ICP) V41-A08-07-07-A of ILIDB. It informs the users of the changes made to the system and provides Points of Contact (POCs) to be contacted in case of problems.
- Referenced Documents.
- 2.1 Referenced Documents. This paragraph has been tailored out.
- Version Description.
- Inventory of Materials Released. This paragraph has been tailored out.
- 3.2 Inventory of Software Contents. Hardware platform ASIMS- AIX OS users. This change package contains the following files.

PROGRAM		VERSI ON		UPDATE

- Corrector Descriptions Technical. ECP-  $S/E\ V41$  A15N 0033. 3. 1
- - A. CYCLES: None.
  - B. PROGRAM: ILIDB Load
- C. PROBLEM: ILIDBLD loads a 9-character unit address into the ILIDB UNIT The SIDPERS3 interface software selected The unit address is 17 characters. tabl e. the 9-character address.
- D. RESOLUTION: After SIDPERS3 selects the 17-character unit address, the file format of the dump file read by ILIDBLD will be longer. Modify ILIDBLD to read the longer file format and load the 17-character unit address.
  - E. ICP: None
- 3.3.2 Corrector Descriptions Functional. None
- 3.3.3 Summary of Changes.
- a. Copy library member changes.
- 1. Changed: None.
- 2. Deleted: None.
- 3. Added: None.
- Control library member changes. b.
- Changed: None. 1.
- 2. Del eted: None.
- 3. Added: None.
- Adaptation Data. This paragraph has been tailored out.
- 3.5 Related Documents.

- 3.5.1 Technical Documentation Changes. There are no technical documentation changes for this package.
- 3.5.2 Functional Manual Changes. There are no functional manual changes for this package.
- 3.6 Installation Instructions. These instructions explain how to install ILIDB ICP V41-A08-07-07-A onto the host computer at the installations.

Pre-Install Procedure. Before beginning to install ILIDB ICP V41-A08-07-07-A onto the ISM host computer, follow this procedure to make sure you have the information you will need when installing.

STEP 1. Verify Oracle. The Oracle RDBMS must reside on the host and be on-line.

Install Procedure. This procedure installs ICP 07 for ILIDBLD v 07.00 onto the installation servers running AIX  $4.2/0RACLE\ 7.3.3$ .

STEP 1: Login with the login name of "root".

STEP 2: Change directory to the home directory for the user "ilidbld" or to /tmp. Make a directory called "ICP.0707". Place the following files for ICP 07 in the directory ICP.0707:

ilidbld\_0707.cpio.Z install\_ilidbld\_0707 1186 28 February 2000 README.ilidbld\_0707 1186 28 February 2000 1143 28 February 2000

STEP 3: Change directory to ICP.0707 and type: chmod 777 install\_ilidbld\_0707 <Enter> ./install\_ilidbld\_0707 <Enter>

STEP 4: The install\_ilidbld\_0707 will complete the following:

- (a) uncompress and uncpio the ilidbld\_0707.cpio file and change its ownership and copy the files in this ICP into the "prd" directory of user "ilidbld". (b) record all output from each of the steps performed in a file named "ilidbld\_0707.log" located in the ICP.0707 directory. STEP 5: Results of the installation in ilidbld\_0707.log should be reviewed.
- 3.6.1 Installation Effective Date. This ICP should be immediately implemented upon receipt or NLT 30 days from date of receipt.
- 3.6.2 Security Implications. This paragraph has been tailored out.
- 3.6.3 ANSOC Installation Instructions. All users receive the same baseline with a change package number through e-mail and Status Tracking and Reporting System (STARS) Bulletin Board System (BBS). This change package contains the following files:

Quantity File ID System Change Package 1 ilidbld\_0707. cpi o. Z README. ilidbld\_0707 install\_ilidbld\_0707

Ensure that all master file backups have been completed prior to loading this package.

Use these load instructions to develop load procedures that work best for your installation.

Due to various user configurations, each installation must determine appropriate block-size and library allocations.

Users must not, repeat, must not, make changes to the files. Security impact: None.

- 3.6.4 Special Installation Instructions All Users. None.
- 3.6.5 Point of Contact. If there are any problems or questions with the installation, or any shortage to the contents of this package, call the Army Network and Systems Operator Center (ANSOC), Ft. Huachuca: DSN 879-6798/6858 or 1-800-305-3036.
- 3.6.6 Report of Implementation. Implementation of this change package must be reported by completing the change package implementation form. This report must be sent to Ft. Huachuca using Fax or mail.
- 3.7 Possible Problems and Known Errors. This paragraph has been tailored out.
- 4.0 Notes.
- 4.1 Notes. This paragraph has been tailored out.
